I would so like to go to Sweden U. S.
where my husband's home was 65 years
ago & I laid him beside his father & mother
when he passed on. 2 years ago the 10th
of Aug. He died from leakage of the heart
He used to read about you sad trouble and
always said what an outrage to accuse
you of crime and was so glad when you
were found innocent. Please write me
if you receive my letter

vice part of the city - But even
that is paid for me. I am very
good to wait on the sick but now
I have to rest awhile. I pray
every day that God will give me
strength to earn my bit of living
and you know his promises are
many to the sick & afflicted
if I were near you. probably you
would help me a little and I
might get well and help you.

I am 62 years old but I know
good home. sleeping and am
kind and sympathetic with
kind thoughts for your self health
and happiness I am yours very
Sincerely Mrs. M. E. Case
